

RX-12

Label Rewinder

NEW!

Primera's new RX-12 Label Rewinder makes it easy to rewind large quantities of labels.

It's perfect for use with virtually any thermal, thermal transfer and inkjet-based desktop label printer, including Primera's popular LX-Series Color Label Printers.

With its large, 12" (305mm) maximum diameter rewind capacity, 8.5" (216mm) maximum width, powder-coated steel cabinet and heavy-duty brushless DC motor, you'll get years of reliable performance.

The Industry's Best Label Rewinder!

Need to reliably rewind quantities of labels from your desktop label printer? It's fast and easy with Primera's new RX-12 Label Rewinder. Attached to your desktop thermal, thermal transfer or inkjet label printer, it delivers perfect, tightly-wound rolls of labels on every job.

Features

- » Exclusive EZ-Chuck™ mechanism – makes it easy to securely lock your rewind core to the take-up mandrel.
- » Light-weight dancer arm – for use with virtually any desktop label printer. Won't cause alignment or print quality problems.
- » Switch-selectable rewind direction – can wind with labels facing in or out.
- » Heavy-duty brushless DC motor – for long life and reliability.
- » Made in the USA with heavy-duty sheet metal and steel for long life.
- » Universal Power Supply – simply change cord set for use in any country.
